Subject Index

Abdominal wall
  technique for skin grafting around fistulas (Fisher and Beart), *gadgetry*, 563
  tensor fascia lata musculocutaneous flap for abdominal wall reconstruction (Peled et al), *case report*, 141
Accidents, traffic
  facial fractures in trauma victims, the influence of treatment delay on ultimate outcome (Press et al), 121
Acid base balance
  tissue pH monitoring in microsurgery, a preliminary evaluation of continuous tissue pH monitoring as an indicator of perfusion disturbances in microvascular free flaps (Raskin et al), 331
Adipose tissue
  suction lipectomy, a review of 200 patients over a six-year period and a study of the technique in cadavers (Teimourian et al), 93
  vascular supply to the skin, an anatomical and physiological reappraisal, part I (Pearl and Johnson), 99
Aesthetic results
  aesthetic rhinoplasty in patients with thick nasal skin (Klatsky and Manson), 10
  correction of webbed neck defects (Agris et al), 299
Amputation
  belaboring a principle (Chase), *milestones in modern plastic surgery*, 255
Annals of Plastic Surgery
  to publish or not to publish (Vistnes), *message from the editor*, 359
Anthropometry
  objective assessment of standard nostril types, a morphometric study (Farkas et al), 381
Arms
  upper-extremity free skin flap transfer, results and utility as compared with conventional distant pedicle skin flaps (Wood and Irons), 523
Aspercreme
  platelet coagulopathy secondary to topical salicylate use (Rose and Wiemer), *case report*, 340
Audiovisuals
  subliminal slides, the presentation of postoperative results at scientific meetings (Freshwater), *letter*, 266

Bandages
  postoperative protection for the external ear (McIntire et al), *gadgetry*, 261
Baylor College of Medicine
  Annals features Baylor College of Medicine (Vistnes), *editor's introduction to the Baylor issue*, 267
  history of Baylor College of Medicine affiliated residency in plastic surgery (Spira and Hardy), *guest editor's introduction to the Baylor issue*, 268
Biocompatible materials
  biocompatibility of silicone implants (Heggers et al), 38
Blepharoplasty
  prevention of ectropion by horizontal shortening of the lower lid during blepharoplasty (Rees), 17
  reconstruction of eyelids (Mustardé), *milestones in modern plastic surgery*, 149
Blood coagulation disorders
  platelet coagulopathy secondary to topical salicylate use (Rose and Wiemer), *case report*, 340
Blood flow velocity
  effect of nicotine on blood flow and patency of experimental microvascular anastomosis (Rao et al), 206
Blood supply
  vascular supply to the skin, an anatomical and physiological reappraisal, part I (Pearl and Johnson), 99
  vascular supply to the skin, an anatomical and physiological reappraisal, Part II (Pearl and Johnson), 196
Blood transfusion, autologous
  use of autologous blood (Grazer), *letter*, 452
  use of autologous blood (Reddick), *letter*, 452
Blood vessels
  vascular supply to the skin, an anatomical and physiological reappraisal, part I (Pearl and Johnson), 99
  vascular supply to the skin, an anatomical and physiological reappraisal, Part II (Pearl and Johnson), 196
Blood vessel surgery
  historical review of small and microvascular vessel surgery (Lee et al), *overview*, 53
Body contour
  suction lipectomy, a review of 200 patients over a six-year period and a study of the technique in cadavers (Teimourian et al), 93
Body weights and measures
  objective assessment of standard nostril types, a morphometric study (Farkas et al), 381
Bone transplantation
  keystone graft correction of the deviated nasal tip (Gerow and Stal), 319
  nasal bone grafting using split skull grafts (Jackson et al), 533
  skull as a bone graft donor site (Jackson et al), 527
  totem pole rib graft reconstruction of the nose (Gerow et al), 273

July issue, pp 1–92; August issue, pp 93–174; September issue, pp 175–266; October issue, pp 267–358; November issue, pp 359–454; December issue, pp 455–576.

Book Critiques
Breast Cancer and Breast Reconstruction, edited by Bohmert (Weatherley-White), 172
Clinical Applications of Biomaterials, edited by Lee, Albrektsson, and Branemark (Ksander), 263
Conceptos y Técnicas Generales en Cirurgía Plastića, by Mir y Mir (Stark), 171
Craniofacial Surgery for Craniosynostosis, by Marchac and Renier (Harlow), 449
Jacques Joseph: Surgical Sculptor, by Natvig (Morain), 263
Jamieson's Illustrations of Regional Anatomy, Section II, Head and Neck, 10th edition, revised by Walmsley and Murphy (Chase), 449
Malignant Skin Tumors, by Emmett and O'Rourke (Rozner), 264
Plastic Surgery of the Female Breast, by Weatherley-White (Biggs), 358
Pressure Ulcers: Principles and Techniques of Management, edited by Constantian (Vistnes), 86
The Progress of Plastic Surgery, by Wallace (Stark), 171
The Surgeon's Handbook, by Kurzweg (Kernahan), 85
Tissue Transplantation, edited by Morris (Weston), 85
A Woman's Choice: New Options in the Treatment of Breast Cancer, by Spletter (Weber), 170
Breast augmentation
injection-adjustable mammary implant (O'Keeffe), 237
Breast feeding
immediate postoperative care of a child with cleft lip, time-proven suggestions (Johnson), *letter*, 87
Breast reconstruction
lower abdominal transverse rectus abdominis myocutaneous flap for breast reconstruction (Dinner and Hartrampf), *letter*, 453
refinements in the use of the transverse abdominal island flap for postmastectomy reconstruction (Dinner et al), 362
reply to Dinner and Hartrampf (Drever), *letter*, 454
selective use of serial expansion in breast reconstruction (Argenta et al), 188
transverse abdominal island flap (Guthrie), *letter*, 451
use of autologous blood (Reddick), *letter*, 452
Breast reduction
reduction mammaplasty (Silversmith), *letter*, 266
Breast surgery
subcutaneous mastectomy, current state of the art (Woods), 541
Bulbous nasal tip
surgery for the bulbous nasal tip (McKinney and Stalnecker), 106
Burns
rectus abdominis free flap for lower extremity reconstruction (Bunkis et al), 373
wound healing, biological effects of Nd: YAG laser on collagen metabolism in pig skin in comparison to thermal burn (Castro et al), 131
Canthopexy
medial canthus revisited, an anatomical basis for canthopexy (Zide and McCarthy), 1
Capsule contraction
measurement of implant capsules (Caffee), 412
Carcinoma, basal cell
metastatic basal cell carcinoma, review and report of a case (Baker and Berggren), *case report*, 428
metastatic basal cell carcinoma, review of the literature and report of three cases (Smith and Irons), 551
recognition and treatment of recurrent basal cell carcinoma (Goldberg et al), 313
Carcinoma, verrucous
CO_2 laser resection for giant perineal condyloma and verrucous carcinoma (Apfelberg et al), 417
Case reports
bilateral oblique facial cleft (Sano et al), 434
combined free flap and local muscle flap for lower extremity salvage (Nichter et al), 71
congenital lateral sinus in the upper lip (Hosokawa et al), 69
massive lipoma of the palm (Hoehn and Farber), 431
metastatic basal cell carcinoma, review and report of a case (Baker and Berggren), 428
modified gluteus maximus musculocutaneous free flap based on the inferior gluteal vessels (Erk et al), 344
platelet coagulopathy secondary to topical salicylate use (Rose and Wiemer), 340
pressure ulcer of the hand masquerading as a burn (Rudolph), 250
repair of ptosis possibly attributable to the long-term wearing of a contact lens (Uchinuma et al), 252
tensor fascia lata musculocutaneous flap for abdominal wall reconstruction (Peled et al), 141
Child, hospitalized
immediate postoperative care of a child with cleft lip, time-proven suggestions (Johnson), *letter*, 87
Cicatrix
secondary scars above the nipple (Weiss), *letter*, 88
wound healing, biological effects of Nd: YAG laser on collagen metabolism in pig skin in comparison to thermal burn (Castro et al), 131
Cleft lip
bilateral oblique facial cleft (Sano et al), *case report*, 434
correction and preservation of arch form in complete clefts of the palate and alveolar ridge (Monroe et al), *milestones in modern plastic surgery*, 438
immediate postoperative care of a child with cleft lip, time-proven suggestions (Johnson), *letter*, 87
ultrasound study of the nose and upper lip before birth (Christ and Meininger), 308
Cleft palate
bilateral oblique facial cleft (Sano et al), *case report*, 434

Cleft palate *(continued)*
correction and preservation of arch form in complete clefts of the palate and alveolar ridge (Monroe et al), *milestones in modern plastic surgery*, 438
interview with Clarence Monroe, M.D. (Kernahan), *milestones in modern plastic surgery*, 443
ultrasound study of the nose and upper lip before birth (Christ and Meininger), 308
Cleft palate prosthesis
correction and preservation of arch form in complete clefts of the palate and alveolar ridge (Monroe et al), *milestones in modern plastic surgery*, 438
interview with Clarence Monroe, M.D. (Kernahan), *milestones in modern plastic surgery*, 443
Collagen
effects of the Nd: YAG laser on DNA synthesis and collagen production in human skin fibroblast cultures (Castro et al), 214
wound healing, biological effects of Nd: YAG laser on collagen metabolism in pig skin in comparison to thermal burn (Castro et al), 131
Colostomy
diverting sigmoid colostomy in severe hidradenitis of the buttocks, perineum, and scrotum (Climo), *letter*, 451
Concha
conchal flap, an adjunct in otoplasty (Spira and Stal), 291
Condyloma, giant
CO_2 laser resection for giant perineal condyloma and verrucous carcinoma (Apfelberg et al), 417
Contact lens
repair of ptosis possibly attributable to the long-term wearing of a contact lens (Uchinuma et al), *case report*, 252
Cranial fossa, anterior
anterior cranial fossa tumors (Jackson and Marsh), 479
Craniofacial abnormalities
skull as a bone graft donor site (Jackson et al), 527
Cryotherapy
cryotherapy in the treatment of keloids (Muti and Ponzio), 227
Cyst
rapid management of persistent seromas by sclerotherapy (Nichter et al), 233

Decubitus ulcer
perioperative management of the patient with pressure sores (Stal et al), *how we do it*, 347
pressure ulcer of the hand masquerading as a burn (Rudolph), *case report*, 250
release of flexion contractures as a prerequisite for the treatment of pressure sores in multiple sclerosis, a report of ten cases (Haher et al), 246
Diamond burr
diamond burr otoplasty (Manning et al), 114
Dimethyl sulfoxide
effect of hyaluronidase and dimethyl sulfoxide (DMSO) on experimental skin flap survival (Grossman et al), 223
DNA synthesis
effects of the Nd: YAG laser on DNA synthesis and collagen production in human skin fibroblast cultures (Castro et al), 214
Donor site
skull as a bone graft donor site (Jackson et al), 527
Dorsal skin flaps
effect of hyaluronidase and dimethyl sulfoxide (DMSO) on experimental skin flap survival (Grossman et al), 223
standardization of the dorsal rat flap model (Hurn et al), 210

Ear, external
conchal flap, an adjunct in otoplasty (Spira and Stal), 291
diamond burr otoplasty (Manning et al), 114
postoperative protection for the external ear (McIntire et al), *gadgetry*, 261
secondary island composite flap, an experimental study in ear reconstruction (Stal et al), 321
Ectropion
prevention of ectropion by horizontal shortening of the lower lid during blepharoplasty (Rees), 17
Editorial policy
to publish or not to publish (Vistnes), *message from the editor*, 359
Encephalocele, nasal
frontonasal encephalocele, "long nose hypertelorism" (Jackson et al), 490
Esophageal replacement
tubed pectoralis major musculocutaneous flaps for cervical esophageal replacement (Neifeld et al), 24
Eurotransplant Foundation meeting
progress in organ transplantation, report of 1982 Eurotransplant Foundation meeting (Fisher), *letter*, 173
Eyelids
prevention of ectropion by horizontal shortening of the lower lid during blepharoplasty (Rees), 17
reconstruction of eyelids (Mustardé), *milestones in modern plastic surgery*, 149
repair of ptosis possibly attributable to the long-term wearing of a contact lens (Uchinuma et al), *case report*, 252

Face
use of tissue expansion in head and neck reconstruction (Argenta et al), 31
Face growth and development
effect of irradiation on facial growth, a 7-to-25-year follow-up (Guyuron et al), 423

Facial bones injuries
facial fractures in trauma victims, the influence of treatment delay on ultimate outcome (Press et al), 121
Facial cleft, lateral
lateral facial clefts, closure with W-plasty and implications of speech and language development (Habal and Scheuerle), 182
Facial cleft, oblique
bilateral oblique facial cleft (Sano et al), *case report*, 434
Facial neoplasms
anterior cranial fossa tumors (Jackson and Marsh), 479
Facial nerve
subtotal parotidectomy in the treatment of chronic sialadenitis (Schultz and Woods), 459
Fasciitis, necrotizing
plastic surgery quiz (Minami), 83 (answers, 89)
Fetus
ultrasound study of the nose and upper lip before birth (Christ and Meininger), 308
Fibroblasts
effects of the Nd: YAG laser on DNA synthesis and collagen production in human skin fibroblast cultures (Castro et al), 214
Fistula
technique for skin grafting around abdominal wall fistulas (Fisher and Beart), *gadgetry*, 563
Flap design
rhomboid-to-W flap (Becker), 125
Flexion contractures
release of flexion contractures as a prerequisite for the treatment of pressure sores in multiple sclerosis, a report of ten cases (Haher et al), 246
Fluorescein, intravenous
plastic surgery quiz (Minami), 83 (answers, 89)
Fractures
facial fractures in trauma victims, the influence of treatment delay on ultimate outcome (Press et al), 121
Free flaps
designing the latissimus dorsi free flap for knee coverage (Fisher and Cooney), 554
tissue pH monitoring in microsurgery, a preliminary evaluation of continuous tissue pH monitoring as an indicator of perfusion disturbances in microvascular free flaps (Raskin et al), 331
upper-extremity free skin flap transfer, results and utility as compared with conventional distant pedicle skin flaps (Wood and Irons), 523
use of the omental free flap for soft-tissue reconstruction (Irons et al), 501

Gadgetry
fishing leader retractor (Serure and Mueller), 357
postoperative protection for the external ear (McIntire et al), 261
simplified approach for drilling holes in the inferior orbital rim (Shively), 447
technique for skin grafting around abdominal wall fistulas (Fisher and Beart), 563
Gluteus maximus
gluteus maximus musculocutaneous V-Y advancement flap for large sacral defects (Fisher et al), 517
modified gluteus maximus musculocutaneous free flap based on the inferior gluteal vessels (Erk et al), *case report*, 344
Gracilis muscle
reconstruction of nonhealing perineal wounds with gracilis muscle flaps (Woods and Beart), 513
Graft survival
augmentation of surviving flap area by intraarterial vasodilators administered through implantable pumps (Morain et al), 46
secondary island composite flap, an experimental study in ear reconstruction (Stal et al), 321
vascular supply to the skin, an anatomical and physiological reappraisal, Part II (Pearl and Johnson), 196
Groin flaps
simultaneous bilateral staged groin flaps for coverage of mutilating injuries of the hand (Heath et al), 462

Hand
belaboring a principle (Chase), *milestones in modern plastic surgery*, 255
Hand burns
pressure ulcer of the hand masquerading as a burn (Rudolph), *case report*, 250
Hand injuries
belaboring a principle (Chase), *milestones in modern plastic surgery*, 255
plastic surgery quiz (Minami), 83 (answers, 89)
simultaneous bilateral staged groin flaps for coverage of mutilating injuries of the hand (Heath et al), 462
Hand neoplasms
massive lipoma of the palm (Hoehn and Farber), *case report*, 431
Head and neck neoplasms
metastatic basal cell carcinoma, review and report of a case (Baker and Berggren), *case report*, 428
Hernia, ventral
tensor fascia lata musculocutaneous flap for abdominal wall reconstruction (Peled et al), *case report*, 141
Hidradenitis
diverting sigmoid colostomy in severe hidradenitis of the buttocks, perineum, and scrotum (Climo), *letter*, 451
Hip
rectus abdominis muscle flaps for closure of osteomyelitis hip defects (Irons), 469

Hip prosthesis
management of failed total hip arthroplasty with muscle flaps (Arnold and Witzke), 474
History of medicine
interview with John C. Mustardé (Vistnes), *milestones in modern plastic surgery*, 144
Hyaluronidase
effect of hyaluronidase and dimethyl sulfoxide (DMSO) on experimental skin flap survival (Grossman et al), 223
Hyperpigmentation
ultraviolet light and hyperpigmentation in healing wounds (Wiemer and Spira), 328

Immunity, cellular
biocompatibility of silicone implants (Heggers et al), 38
Implants, artificial
augmentation of surviving flap area by intraarterial vasodilators administered through implantable pumps (Morain et al), 46
biocompatibility of silicone implants (Heggers et al), 38
injection-adjustable mammary implant (O'Keeffe), 237
measurement of implant capsules (Caffee), 412
selective use of serial expansion in breast reconstruction (Argenta et al), 188
use of tissue expansion in head and neck reconstruction (Argenta et al), 31
Infant
bilateral oblique facial cleft (Sano et al), *case report*, 434
Inflammation
diverting sigmoid colostomy in severe hidradenitis of the buttocks, perineum, and scrotum (Climo), *letter*, 451
Infusoid pump
augmentation of surviving flap area by intraarterial vasodilators administered through implantable pumps (Morain et al), 46
Internship and residency
history of Baylor College of Medicine affiliated residency in plastic surgery (Spira and Hardy), *guest editor's introduction to the Baylor issue*, 268
(Jackson), *guest editor's introduction to the Mayo Clinic issue*, 456

Keloid
cryotherapy in the treatment of keloids (Muti and Ponzio), 227
Keystone graft
keystone graft correction of the deviated nasal tip (Gerow and Stal), 319
Knee joint
release of flexion contractures as a prerequisite for the treatment of pressure sores in multiple sclerosis, a report of ten cases (Haher et al), 246

Knee surgery
designing the latissimus dorsi free flap for knee coverage (Fisher and Cooney), 554

Language development
lateral facial clefts, closure with W-plasty and implications of speech and language development (Habal and Scheuerle, 182
Lasers
CO_2 laser resection for giant perineal condyloma and verrucous carcinoma (Apfelberg et al), 417
effects of the Nd: YAG laser on DNA synthesis and collagen production in human skin fibroblast cultures (Castro et al), 214
wound healing, biological effects of Nd: YAG laser on collagen metabolism in pig skin in comparison to thermal burn (Castro et al), 131
Lateral facial clefts
lateral facial clefts, closure with W-plasty and implications of speech and language development (Habal and Scheuerle), 182
Latissimus dorsi
designing the latissimus dorsi free flap for knee coverage (Fisher and Cooney), 554
Leg injuries
combined free flap and local muscle flap for lower extremity salvage (Nichter et al), *case report*, 71
modified gluteus maximus musculocutaneous free flap based on the inferior gluteal vessels (Erk et al), *case report*, 344
rectus abdominis free flap for lower extremity reconstruction (Bunkis et al), 373
Letters
diverting sigmoid colostomy in severe hidradenitis of the buttocks, perineum, and scrotum (Climo), 451
immediate postoperative care of a child with cleft lip, time-proven suggestions (Johnson), 87
lower abdominal transverse rectus abdominis myocutaneous flap for breast reconstruction (Dinner and Hartrampf), 453
progress in organ transplantation, report of 1982 Eurotransplant Foundation meeting (Fisher), 173
reduction mammaplasty (Silversmith), 266
reply to Dinner and Hartrampf (Drever), 454
secondary scars above the nipple (Weiss), 88
subliminal slides, the presentation of postoperative results at scientific meetings (Freshwater), 266
transverse abdominal island flap (Guthrie), 451
use of autologous blood (Grazer), 452
use of autologous blood (Reddick), 452
Lipectomy, suction
suction lipectomy, a review of 200 patients over a six-year period and a study of the technique in cadavers (Teimourian et al), 93

Lipoma
massive lipoma of the palm (Hoehn and Farber), *case report*, 431
Lips
congenital lateral sinus in the upper lip (Hosokawa et al), *case report*, 69
ultrasound study of the nose and upper lip before birth (Christ and Meininger), 308
Lips, abnormalities
congenital lateral sinus in the upper lip (Hosokawa et al), *case report*, 69
Long face syndrome
nasal airway function as it relates to the timing of mid and lower facial osteotomies (Ousterhout et al), 175
Long nose hypertelorism
frontonasal encephalocele, "long nose hypertelorism" (Jackson et al), 490
Lymph nodes
metastatic basal cell carcinoma, review of the literature and report of three cases (Smith and Irons), 551
Lymphocele
rapid management of persistent seromas by sclerotherapy (Nichter et al), 233

Mammaplasty
reduction mammaplasty (Silversmith), *letter*, 266
Mandibular surgery
nasal airway function as it relates to the timing of mid and lower facial osteotomies (Ousterhout et al), 175
Mastectomy
use of autologous blood (Reddick), *letter*, 452
Mastectomy, subcutaneous
subcutaneous mastectomy, current state of the art (Woods), 541
Maxillofacial development
nasal airway function as it relates to the timing of mid and lower facial osteotomies (Ousterhout et al), 175
Mayo Clinic
(Jackson), *guest editor's introduction to the Mayo Clinic issue*, 456
the Mayo Clinic (Vistnes), *editor's introduction to the Mayo Clinic issue*, 455
Melanoma, primary
plastic surgery quiz (Minami), 83 (answers, 89)
Microsurgery
fishing leader retractor (Serure and Mueller), *gadgetry*, 357
tissue pH monitoring in microsurgery, a preliminary evaluation of continuous tissue pH monitoring as an indicator of perfusion disturbances in microvascular free flaps (Raskin et al), 331
Microsurgery history
historical review of small and microvascular vessel surgery (Lee et al), *overview*, 53
Milestones in modern plastic surgery
belaboring a principle (Chase), 255
correction and preservation of arch form in complete clefts of the palate and alveolar ridge (Monroe et al), 438
hazards of surgery in irradiated tissue (Robinson), 74
reconstruction of eyelids (Mustardé), 149
Models, biological
standardization of the dorsal rat flap model (Hurn et al), 210
Monroe, Clarence
interview with Clarence Monroe (Kernahan), *milestones in modern plastic surgery*, 443
Mouth breathing
nasal airway function as it relates to the timing of mid and lower facial osteotomies (Ousterhout et al), 175
Mouth mucosa
lining the superiorly based pharyngeal flap (Hardy and Spira), 289
Multiple sclerosis
release of flexion contractures as a prerequisite for the treatment of pressure sores in multiple sclerosis, a report of ten cases (Haher et al), 246
Muscle flaps
combined free flap and local muscle flap for lower extremity salvage (Nichter et al), *case report*, 71
management of failed total hip arthroplasty with muscle flaps (Arnold and Witzke), 474
reconstruction of nonhealing perineal wounds with gracilis muscle flaps (Woods and Beart), 513
rectus abdominis muscle flaps for closure of osteomyelitis hip defects (Irons), 469
Musculocutaneous flaps
gluteus maximus musculocutaneous V-Y advancement flap for large sacral defects (Fisher et al), 517
history of the discovery of the musculocutaneous flap method as a substitute for the delay method (Orticochea), *background*, 63
modified gluteus maximus musculocutaneous free flap based on the inferior gluteal vessels (Erk et al), *case report*, 344
sternocleidomastoid, *plastic surgery quiz* (Minami), 83 (answers, 89)
tensor fascia lata musculocutaneous flap for abdominal wall reconstruction (Peled et al), *case report*, 141
tubed pectoralis major musculocutaneous flaps for cervical esophageal replacement (Neifeld et al), 24
Mustardé, John C.
interview with John C. Mustardé (Vistnes), *milestones in modern plastic surgery* 144
Myocutaneous flaps
lower abdominal transverse rectus abdominis myocutaneous flap for breast reconstruction (Dinner and Hartrampf), *letter*, 453

Nasal airway function
nasal airway function as it relates to the timing of mid and lower facial osteotomies (Ousterhout et al), 175
Nasal septum injuries
technique for the closure of small septal perforations (Ellenbogen and Swara), 390
Nasal septum surgery
technique for the closure of small septal perforations (Ellenbogen and Swara), 390
Neck
use of tissue expansion in head and neck reconstruction (Argenta et al), 31
Neck abnormalities
correction of webbed neck defects (Agris et al), 299
Neoplasm metastasis
metastatic basal cell carcinoma, review and report of a case (Baker and Berggren), *case report*, 428
metastatic basal cell carcinoma, review of the literature and report of three cases (Smith and Irons), 551
Nerve fiber
fascicular tubulization, a cellular approach to peripheral nerve repair (Rosen et al), 397
Nerve regeneration
fascicular tubulization, a cellular approach to peripheral nerve repair (Rosen et al), 397
Nicotine
effect of nicotine on blood flow and patency of experimental microvascular anastomosis (Rao et al), 206
Nipple
secondary scars above the nipple (Weiss), *letter*, 88
Nitrogen protoxide
cryotherapy in the treatment of keloids (Muti and Ponzio), 227
Nose
aesthetic rhinoplasty in patients with thick nasal skin (Klatsky and Manson), 10
early treatment of rhinophyma, a neglected entity? (Dolezal and Schultz), 393
surgery for the bulbous nasal tip (McKinney and Stalnecker), 106
ultrasound study of the nose and upper lip before birth (Christ and Meininger), 308
Nose abnormalities
frontonasal encephalocele, "long nose hypertelorism" (Jackson et al), 490
keystone graft correction of the deviated nasal tip (Gerow and Stal), 319
nasal bone grafting using split skull grafts (Jackson et al), 533
totem pole rib graft reconstruction of the nose (Gerow et al), 273
V-Y rotational flap for nasal tip defects (Cronin), 283
Nose, anatomy
objective assessment of standard nostril types, a morphometric study (Farkas et al), 381
Nose injuries
nasal bone grafting using split skull grafts (Jackson et al), 533
V-Y rotational flap for nasal tip defects (Cronin), 283

Omentum
use of the omental free flap for soft-tissue reconstruction (Irons et al), 501
use of omental transposition flaps for soft-tissue reconstruction (Arnold et al), 508
Orbit
fixation of the medial canthal structures, evolution of the best method (Callahan and Callahan), 242
interview with John C. Mustardé (Vistnes), *milestones in modern plastic surgery*, 144
medial canthus revisited, an anatomical basis for canthopexy (Zide and McCarthy), 1
simplified approach for drilling holes in the inferior orbital rim (Shively), *gadgetry*, 447
Organ donors
progress in organ transplantation, report of 1982 Eurotransplant Foundation meeting (Fisher), *letter*, 173
Osteomyelitis
rectus abdominis muscle flaps for closure of osteomyelitis hip defects (Irons), 469
Otoplasty
conchal flap, an adjunct in otoplasty (Spira and Stal), 291
diamond burr otoplasty (Manning et al), 114
postoperative protection for the external ear (McIntire et al), *gadgetry*, 261
Outcome and process assessment
facial fractures in trauma victims, the influence of treatment delay on ultimate outcome (Press et al), 121
refinements in the use of the transverse abdominal island flap for postmastectomy reconstruction (Dinner et al), 362
selective use of serial expansion in breast reconstruction (Argenta et al), 188
subcutaneous mastectomy, current state of the art (Woods), 541
upper-extremity free skin flap transfer, results and utility as compared with conventional distant pedicle skin flaps (Wood and Irons), 523
use of the omental free flap for soft-tissue reconstruction (Irons et al), 501

Palm
massive lipoma of the palm (Hoehn and Farber), *case report*, 431

Paraplegia
Ultraviolet light and hyperpigmentation in healing wounds (Wiemer and Spira), 328
Parotid glands
subtotal parotidectomy in the treatment of chronic sialadenitis (Schultz and Woods), 459
Parotitis
subtotal parotidectomy in the treatment of chronic sialadenitis (Schultz and Woods), 459
Pectoralis major
tubed pectoralis major musculocutaneous flaps for cervical esophageal replacement (Neifeld et al), 24
Penicillin
plastic surgery quiz (Minami), 83 (answers, 89)
Perfusion
tissue pH monitoring in microsurgery, a preliminary evaluation of continuous tissue pH monitoring as an indicator of perfusion disturbances in microvascular free flaps (Raskin et al), 331
Perineum
reconstruction of nonhealing perineal wounds with gracilis muscle flaps (Woods and Beart), 513
Perineurium
fascicular tubulization, a cellular approach to peripheral nerve repair (Rosen et al), 397
Perioperative period
perioperative management of the patient with pressure sores (Stal et al), *how we do it*, 347
pH monitoring
tissue pH monitoring in microsurgery, a preliminary evaluation of continuous tissue pH monitoring as an indicator of perfusion disturbances in microvascular free flaps (Raskin et al), 331
Pharynx
lining the superiorly based pharyngeal flap (Hardy and Spira), 289
Plastic surgery
history of Baylor College of Medicine affiliated residency in plastic surgery (Spira and Hardy), *guest editor's introduction to the Baylor issue*, 268
(Jackson), *guest editor's introduction to the Mayo Clinic issue*, 456
Plastic surgery quiz (Minami), 83 (answers, 89)
Platelet aggregation
platelet coagulopathy secondary to topical salicylate use (Rose and Wiemer), *case report*, 340
Polyglycolic acid
fascicular tubulization, a cellular approach to peripheral nerve repair (Rosen et al), 397
Postoperative care
postoperative protection for the external ear (McIntire et al), *gadgetry*, 261
Pressure ulcer. *See* decubitus ulcer
Ptosis
plastic surgery quiz (Minami), 83 (answers, 89)
repair of ptosis possibly attributable to the long-term wearing of a contact lens (Uchinuma et al), *case report*, 252
Pyoderma
plastic surgery quiz (Minami), 83 (answers, 89)

Rabbits
augmentation of surviving flap area by intraarterial vasodilators administered through implantable pumps (Morain et al), 46
secondary island composite flap, an experimental study in ear reconstruction (Stal et al), 321
Radiation dosage
effect of irradiation on facial growth, a 7-to-25-year follow-up (Guyuron et al), 423
Radiation injuries
effect of irradiation on facial growth, a 7-to-25-year follow-up (Guyuron et al), 423
hazards of surgery in irradiated tissue (Robinson), *milestones in modern plastic surgery*, 74
Radiation therapy
hazards of surgery in irradiated tissue (Robinson), *milestones in modern plastic surgery*, 74
Radiotherapy dosage
effect of irradiation on facial growth, a 7-to-25-year follow-up (Guyuron et al), 423
Rats
standardization of the dorsal rat flap model (Hurn et al), 210
Rectus abdominis
lower abdominal transverse rectus abdominis myocutaneous flap for breast reconstruction (Dinner and Hartrampf), *letter*, 453
rectus abdominis free flap for lower extremity reconstruction (Bunkis et al), 373
rectus abdominis muscle flaps for closure of osteomyelitis hip defects (Irons), 469
Rectus femoris
management of failed total hip arthroplasty with muscle flaps (Arnold and Witzke), 474
Respiration
nasal airway function as it relates to the timing of mid and lower facial osteotomies (Ousterhout et al), 175
Rhinophyma
early treatment of rhinophyma, a neglected entity? (Dolezal and Schultz), 393
Rhinoplasty
aesthetic rhinoplatsy in patients with thick nasal skin (Klatsky and Manson), 10
surgery for the bulbous nasal tip (McKinney and Stalnecker), 106
Rhomboid-to-W flaps
rhomboid-to-W flap (Becker), 125

Rhytidectomy
platelet coagulopathy secondary to topical salicylate use (Rose and Wiemer), *case report*, 340
Ribs
totem pole rib graft reconstruction of the nose (Gerow et al), 273
Rosacea
early treatment of rhinophyma, a neglected entity? (Dolezal and Schultz), 393

Sacral abnormalities
gluteus maximus musculocutaneous V-Y advancement flap for large sacral defects (Fisher et al), 517
Saddlenose
totem pole rib graft reconstruction of the nose (Gerow et al), 273
Salicylates
platelet coagulopathy secondary to topical salicylate use (Rose and Wiemer), *case report*, 340
Saphenous island flaps
effect of nicotine on blood flow and patency of experimental microvascular anastomosis (Rao et al), 206
Sarcoma
plastic surgery quiz (Minami), 83 (answers, 89)
Scar. *See* Cicatrix
Sclerotherapy
rapid management of persistent seromas by sclerotherapy (Nichter et al), 233
Seroma
rapid management of persistent seromas by sclerotherapy (Nichter et al), 233
Sialadenitis
subtotal parotidectomy in the treatment of chronic sialadenitis (Schultz and Woods), 459
Silicone
biocompatibility of silicone implants (Heggers et al), 38
Sinus
congenital lateral sinus in the upper lip (Hosokawa et al), *case report*, 69
Skin
aesthetic rhinoplasty in patients with thick nasal skin (Klatsky and Manson), 10
effects of the Nd: YAG laser on DNA synthesis and collagen production in human skin fibroblast cultures (Castro et al), 214
vascular supply to the skin, an anatomical and physiological reappraisal, Part I (Pearl and Johnson), 99
Skin neoplasms
CO_2 laser resection for giant perineal condyloma and verrucous carcinoma (Apfelberg et al), 417
metastatic basal cell carcinoma, review of the literature and report of three cases (Smith and Irons), 551
recognition and treatment of recurrent basal cell carcinoma (Goldberg et al), 313
Skin transplantation
history of the discovery of the musculocutaneous flap method as a substitute for the delay method (Orticochea), *background*, 63
secondary island composite flap, an experimental study in ear reconstruction (Stal et al), 321
upper-extremity free skin flap transfer, results and utility as compared with conventional distant pedicle skin flaps (Wood and Irons), 523
V-Y rotational flap for nasal tip defects (Cronin), 283
Skull
nasal bone grafting using split skull grafts (Jackson et al), 533
skull as a bone graft donor site (Jackson et al), 527
Skull neoplasms
anterior cranial fossa tumors (Jackson and Marsh), 479
Slides
subliminal slides, the presentation of postoperative results at scientific meetings (Freshwater), *letter*, 266
Smoking
effect of nicotine on blood flow and patency of experimental microvascular anastomosis (Rao et al), 206
Solu-medrol
injection-adjustable mammary implant (O'Keeffe), 237
Speech development
lateral facial clefts, closure with W-plasty and implications of speech and language development (Habal and Scheuerle), 182
Spinal cord injuries
perioperative management of the patient with pressure sores (Stal et al), *how we do it*, 347
Sternocleidomastoid flap
plastic surgery quiz (Minami), 83 (answers, 89)
Steroids
injection-adjustable mammary implant (O'Keeffe), 237
Surgical complications
plastic surgery quiz (Minami), 83 (answers, 89)
Surgical equipment
simplified approach for drilling holes in the inferior orbital rim (Shively), *gadgetry*, 447
Surgical flaps
augmentation of surviving flap area by intraarterial vasodilators administered through implantable pumps (Morain et al), 46
combined free flap and local muscle flap for lower extremity salvage (Nichter et al), *case report*, 71
conchal flap, an adjunct in otoplasty (Spira and Stal), 291
designing the latissimus dorsi free flap for knee coverage (Fisher and Cooney), 554
effect of hyaluronidase and dimethyl sulfoxide (DMSO) on experimental skin flap survival (Grossman et al), 223
history of the discovery of the musculocutaneous flap method as a substitute for the delay method (Orticochea), *background*, 63

lining the superiorly based pharyngeal flap (Hardy and Spira), 289
management of failed total hip arthroplasty with muscle flaps (Arnold and Witzke), 474
modified gluteus maximus musculocutaneous free flap based on the inferior gluteal vessels (Erk et al), *case report*, 344
rectus abdominis free flap for lower extremity reconstruction (Bunkis et al), 373
rectus abdominis muscle flaps for closure of osteomyelitis hip defects (Irons), 469
refinements in the use of the transverse abdominal island flap for postmastectomy reconstruction (Dinner et al), 362
rhomboid-to-W flap (Becker), 125
simultaneous bilateral staged groin flaps for coverage of mutilating injuries of the hand (Heath et al), 462
transverse abdominal island flap (Guthrie), *letter*, 451
tubed pectoralis major musculocutaneous flaps for cervical esophageal replacement (Neifeld et al), 24
upper-extremity free skin flap transfer, results and utility as compared with conventional distant pedicle skin flaps (Wood and Irons), 523
use of the omental free flap for soft-tissue reconstruction (Irons et al), 501
use of omental transposition flaps for soft-tissue reconstruction (Arnold et al), 508
V-Y rotational flap for nasal tip defects (Cronin), 283
vascular supply to the skin, an anatomical and physiological reappraisal, Part II (Pearl and Johnson), 196

Surgical instruments
fishing leader retractor (Serure and Mueller),*l gadgetry*, 357

Sweat gland diseases
diverting sigmoid colostomy in severe hidradenitis of the buttocks, perineum, and scrotum (Climo), *letter*, 451

Tendon, medial canthal
fixation of the medial canthal structures, evolution of the best method (Callahan and Callahan), 242
medial canthus revisited, an anatomical basis for canthopexy (Zide and McCarthy), 1

Tendon release
release of flexion contractures as a prerequisite for the treatment of pressure sores in multiple sclerosis, a report of ten cases (Haher et al), 246

Tensor fascia lata
tensor fascia lata musculocutaneous flap for abdominal wall reconstruction (Peled et al), *case report*, 141

Tetracycline
rapid management of persistent seromas by sclerotherapy (Nichter et al), 233

Tissue culture
effects of the Nd: YAG laser on DNA synthesis and collagen production in human skin fibroblast cultures (Castro et al), 214

Tissue expanders
injection-adjustable mammary implant (O'Keeffe), 237
selective use of serial expansion in breast reconstruction (Argenta et al), 188
use of tissue expansion in head and neck reconstruction (Argenta et al), 31

Tissue survival
effect of hyaluronidase and dimethyl sulfoxide (DMSO) on experimental skin flap survival (Grossman et al), 223
standardization of the dorsal rat flap model (Hurn et al), 210
vascular supply to the skin, an anatomical and physiological reappraisal, Part II (Pearl and Johnson), 196

Transplantation, autologous
history of the discovery of the musculocutaneous flap method as a substitute for the delay method (Orticochea), *background*, 63
reply to Dinner and Hartrampf (Drever), *letter*, 454

Transplantation, organ
progress in organ transplantation, report of 1982 Eurotransplant Foundation meeting (Fisher), *letter*, 173

Transverse abdominal island flaps
refinements in the use of the transverse abdominal island flap for postmastectomy reconstruction (Dinner et al), 362
transverse abdominal island flap (Guthrie), *letter*, 451

Treatment delay
facial fractures in trauma victims, the influence of treatment delay on ultimate outcome (Press et al), 121

Trochar technique
simplified approach for drilling holes in the inferior orbital rim (Shively), *gadgetry*, 447

Ultrasonics
ultrasound study of the nose and upper lip before birth (Christ and Meininger), 308

Ultraviolet therapy
ultraviolet light and hyperpigmentation in healing wounds (Wiemer and Spira), 328

V-Y rotational flaps
V-Y rotational flap for nasal tip defects (Cronin), 283

Vascular surgery history
historical review of small and microvascular vessel surgery (Lee et al), *overview*, 53

Vasodilator agents
augmentation of surviving flap area by intraarterial vasodilators administered through implantable pumps (Morain et al), 46

Vastus lateralis
management of failed total hip arthroplasty with muscle flaps (Arnold and Witzke), 474

Webbed neck
correction of webbed neck defects (Agris et al), 299
Wound healing
hazards of surgery in irradiated tissue (Robinson), *milestones in modern plastic surgery*, 74
reconstruction of nonhealing perineal wounds with gracilis muscle flaps (Woods and Beart), 513
ultraviolet light and hyperpigmentation in healing wounds (Wiemer and Spira), 328
use of omental transposition flaps for soft-tissue reconstruction (Arnold et al), 508
wound healing, biological effects of Nd: YAG laser on collagen metabolism in pig skin in comparison to thermal burn (Castro et al), 131
Wound infection
management of failed total hip arthroplasty with muscle flaps (Arnold and Witzke), 474
technique for skin grafting around abdominal wall fistulas (Fisher and Beart), *gadgetry*, 563
use of omental transposition flaps for soft-tissue reconstruction (Arnold et al), 508
W-plasty
lateral facial clefts, closure with W-plasty and implications of speech and language development (Habal and Scheuerle), 182

Number 1 July 1983
